Attributes of Allah, the Most High

Allah is the One Who created the earth, gave it its shape, and made it subservient and suitable for His creatures. He created the heavens and all great creatures therein, and gave the sun, the moon, the night, and the day this precisely measured system that indicates His majesty and might.

Allah is the One Who has provided us with the air we breathe to stay alive. It is He Who sends down rain from the sky and has subjected the seas and rivers for us. It is Allah who fed us in the wombs of our mothers while we were helpless. It is He who makes our blood flow in our veins and our hearts beat incessantly from birth to death.

To emphasize these facts, Allah Almighty says:

﴿وَاللَّهُ أَخْرَجَكُمْ مِنْ بُطُونِ أُمَّهَاتِكُمْ لَا تَعْلَمُونَ شَيْئًا وَجَعَلَ لَكُمُ السَّمْعَ وَالْأَبْصَارَ وَالْأَفْئِدَةَ لَعَلَّكُمْ تَشْكُرُونَ﴾ (١٦: ٧٨)

﴿Allah brought you out from your mothers' wombs not knowing anything, and He gave you hearing, sight and intellect, so that you may be grateful.﴾ [16: 78]
